Rotary Means Business Fellowship
Board of Directors Election, 2019
Candidates' Statements of Qualifications

Kris Anderson -- incumbent -- RMB member since 2009 -- Santa Rosa, CA, USA

I have been a Rotary Means Business NorCal member since the beginning in 2009.

I am in sales and am actively, and always, looking for business and business partners.

I would like to work with the board to find ways to get more Rotarians to local RMB group meetings and make the meetings more meaningful. To drive more business to Rotarians

I would like to assist membership growth in local RMB groups.

Candidates' Statements of Qualifications

Nick Constantino - incumbent - member since 2015 - Middletown, New York, USA

Having now served a full term as a member of the Board of Directors of Rotary Means Business, I am more confident than ever of the positive influence our fellowship has on our Rotarians, and am ready, willing and able to continue being a part of the amazing growth of our fellowship.

My goal is to continue assisting our Rotarians in the creation of their own chapters, while providing ongoing guidance to existing chapters. I will also continue being a resource for other Districts – and will hopefully finally be able to participate with promoting our fellowship at various Rotary events (ie. Zone meetings, PETS).

I am looking forward to serving another two years as a part of this incredible team.

The support of our members will be greatly appreciated.
